Order for INVENTA-FISCHER AG from China

INVENTA-FISCHER AG - a member of the EMS-Group - has secured a further order in China against strongest international competition.

INVENTA-FISCHER AG will design the plant which will have a capacity of 23'000 tons of Nylon-6 chips yearly. Additionally, INVENTA-FISCHER AG will deliver the process equipment and delegate its specialists for the supervision of the erection and commissioning.

The production plant will be operated by SHIJIAZHUANG CHEMICAL & CHEMICAL FIBRE CO. LTD. at Shijiazhuang, Hebei Province. Start-up is scheduled during the first quarter of 2003.

The order value is estimated at CHF 8.0 mio.
